STATE TELECOMMUNICATIONS MANAGEMENT MANUAL

State of California Department of Technology Services		Statewide Telecommunications and Network Division
Category: **Telecommunications Equipment**	Chapter Title: **Purchase of Telecommunications Equipment**	Chapter Number: **0801.0**

Issued: September 30, 1996 | **Revision A** | **Revised: June 11, 1998**

EQUIPMENT RENTAL OR LEASE

Renting and leasing telephone equipment should be considered a limited-term arrangement primarily in emergency situations. It is generally in the long term best interest of the state to purchase and not lease equipment. Properly follow delegation parameters and coordinate equipment rental or lease requests with the Statewide Telecommunications and Network Division (STND). Contact the STND's, Client Engineering Support, Telephone and Network Services, or CALNET Client Services for ordering assistance.

TELEPHONE AND NETWORK SERVICES EQUIPMENT

In order to assist agencies in acquiring the following types of telephone sets, the STND has established master purchase agreements through a competitive process. For questions about these contracts, contact Program Management & Administration, Master Contract Administration.

ELECTRONIC BUSINESS SETS

The STND has an existing Master Purchase Agreement, contract number 1-95-58-86, with Volt Information Sciences, Inc. for these sets.

Rates

See **Appendix 1**, **Electronic Business Set/Accessories Price List** for a detailed price list of Electronic Business Set models and accessories.

Ordering Procedures

Complete the STD. 65 form and send the original with its packing slip to Volt Information Sciences, Inc., Volt Business Systems Division, 1453 Rollins Road, Burlingame, CA 94010, telephone (415) 696-9572 or (800) 248-8658, fax (415) 548-1633. In addition, send a copy of the STD. 65 form to the DGS, Procurement Division, Edwin Shepherd, 1823 14th Street, Sacramento, CA 95814, (916) 327-8054.

Also, complete the necessary Electronic Business Set template forms that illustrate the programmable keys and add on modules. For agencies receiving CALDEX line service use: STND-951A (9 key set), STND-951B (10 key set), STND-951E (11

key) and STND-951C (add-on modules). See *Chapter 0799.0*, *Telecommunications Systems & Services Forms Index*. For agencies at non-CALDEX line service locations, contact the Local Exchange Carrier (LEC) to verify set compatibility and the forms required.

The contractor includes a five year warranty period and bears all material, labor and transportation costs for repair or defective equipment replacement and pre-pays the destination freight.

SINGLE AND TWO LINE TELEPHONE SETS

The STND has a Master Purchase Agreement with Graybar Electric, Contract #1-96-70-01 for these sets.

Rates

Type	Model number	Price
Single Line Basic	Vodavi 2601-xx-MOE-20M	$20.81
Single Line Enhanced	COMDIAL/ATC AT100-CG	$29.16
Two Line Basic	Not yet awarded DGS, Procurement Division	
Two Line Hands-Free	AT&T 832	$80.27

Ordering Procedures

Complete the STD. 65 form and send the original with its packing slip to Graybar Electric. Contact Dan Measles or Rick Valpreda at (916) 922-8061 or (800) 688-8061.

See Chapter 0101.0, DTS-STND Reference Guide, for all DTS-STND contact information referenced within this chapter.
